## MEDICINAL.

When winter comes the vital forces of nature are low, and the tree stands like a solitary monument to the dead summer. In the winter of life, active men experience a similar lowering of vitality. In some the effect is starting. They lose their grip on life. They seem like monuments of a buried past. At this crisis there is need of a medicine which will nourish and build up the body, and increase its vital power. Such a medicine is Dr. Pierce's Golden Medical Discovery. It enriches the blood, purifies it, carries off the clogging waste of the system, increases the nutrition of the body, and produces a sound, healthy condition with abundant vital power and physical energy.

## GOVERNOR'S PROCLAMATION.

Commonwealth of Virginia,  
Governor's Office,  
January 13, 1900.

"I have been more or less troubled with indigestion, but since the use of Otterburn Lithia Water for over a month have been greatly relieved and I think it principally due to the efficacy of the water. I cheerfully recommend it."

J. HOGE TYLER,  
Superintendent of Public Instruction says:

"I desire to bear testimony to the great value of the Otterburn Lithia Water of this country. In my own person I have found this water very beneficial in indigestion and constipation."

JOS. W. SOUTHWELL, M. D.  
Dr. George B. Johnston, says:

"I use it in acute rheumatism, dyspepsia, indigestion, and all forms of renal and bladder troubles. I prescribe no mineral water so freely as the Otterburn."

Dr. J. G. Trevillian says:

"Several of my cases of kidney trouble have improved more rapidly under the use of the Otterburn Lithia Water than Bethesda or Buffalo Lithia."

State Chemist Speaks.

"This spring is of the Calcium-Magnesium-Alkaline class of waters—waters which are of approved efficacy in a variety of disorders, especially of the digestive and urinary organs."

WM. H. TAYLOR, M. D.,  
State Chemist.

"I have found the Otterburn Lithia water very useful in my practice."

WM. M. SMITH, M. D.

"I regard Otterburn Lithia Water as one of the most valuable mineral waters on the market and use it extensively in my practice."

## GILLIGAN PLEAD NOT GUILTY.

Yesterday was spent at Isle of Wight courthouse in getting a jury for the Gilligan trial. The lawyers said they were ready and the talesmen were called, and Colonel Baker moved to quash the venire. The motion was overruled, and exceptions were taken noted. Clerk N. F. Young read the indictment. The indictment charged that O. Beverly Turner was killed by a load of gun shot in the right side of the neck, and that Gilligan had fired the gun feloniously, wilfully and with malice aforethought. Gilligan very distinctly entered a plea of not guilty.

The jurors were called, one at a time. Col. Boykin examining them for the State. A venire of sixteen talesmen was called and entered the box.

The chief clerk in the case attached to the contents of some dozens of love letters exchanged by Miss Turner and Gilligan. The latter's attorneys expect to save him through the contents of the letters, by establishing that the prisoner called at the Turner home on the night of the tragedy, where he had been forbidden by the young man's father to enter the house.

There was no clue as to the identity of the murderer, as Mr. Turner was not known to have any enemies, but, on the contrary, was exceedingly popular among a wide circle of friends.

It began to be noised about next day that Mr. Turner had had some difficulty with young Gilligan by reason of the father's opposition to the young man's suit in secret for the time Gilligan disappeared from the neighborhood and the suspicion that he knew something about the killing.

For quite a while Gilligan could not be found, but he then voluntarily surrendered to the authorities of the county. The feeling in the neighborhood of the killing was very strong against him, and there were rumors of an effort to lynch him. For this reason he was put in prison at Petersburg, some 40 miles distant, where he has been ever since.

When he was carried back to prison at Petersburg he told his lawyers the whole story of the murder. He said that he loved Mr. Turner, who had been as a father to him, and that he would not have fired the shot that killed his benefactor unless his own life had been in danger. He also declared that when he fired the shot Miss Isabella Turner was with him. Further than this he declines to make any public statement until he is forced to do so in defense of his life.

Miss Turner is described as 19 years of age, of slender and willowy figure, exceedingly graceful in carriage, and of a refined and southern type of beauty. She has golden hair, deep blue eyes, fair complexion and a perfect Cupid's bow of a mouth.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendix, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches? You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Ernest L. Allen, Claud M. Lennon, Warfield & Hall, Charles G. Lennon, W. F. Creighton & Co., and Richard Gibson.

Starvation never yet cured dyspepsia. Persons with indigestion are already half starved. They need plenty of wholesome food. Kodol Dyspepsia Cure digests what you eat, so the body can be nourished while the worn out organs are rebuilding. It is the only preparation known that will instantly relieve and completely cure all stomach troubles. Try it if you are suffering from indigestion. It will certainly do you good.

How to Cure a Sprain.

Let fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse, and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BARBOUR, Erie, Pa. It is for sale by all druggists.

THE OWNERS OF DOGS.

Alexandria, Va., June 1, 1900.

All persons owning or intending to keep any animal of the Dog or Canine species must come forward on or before

JUNE 15th, 1900,

and take out license for the same from the Auditor. After the 15th of June all persons owning or harboring dogs without the required license will be fined (as the laws on the subject require) \$5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their licenses, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

My attention has been called to this evasion of the law, and I shall require the policemen to report all such cases, and fines will be imposed upon those who fail to take out licenses.

The police officers will be required to report all violations of the law.
